孕妇

专薯营养

* G6PD 患者请咨询医生建议
* Kindly consult doctor advice for G6PD patients

MayterLynn 不含任何糖分 (采用甜菊叶) 可预防妊娠糖尿病，其中还含有丰富的 Omega-3 能够提供身体所需的 DHA，带给孕妇全面营养以补充胎儿营养吸收的需求。粗粮含有维生素 B1，对生理运作、食欲、肠胃道蠕动及消化液分泌有调节作用，可减轻便秘困扰，缓解妊娠反应。

MayterLynn 营养丰富且易于吸收，拥有促进乳汁的分泌、增加母乳份量、补充钙质、改善贫血、头晕和补水等功效。能帮助产妇在坐月子期间补虚养生，补气，通奶水，效果绝佳。对于产妇及哺乳期女性有相当大的益处，绝对是孕期和产后最佳的健康营养保健良伴！

MayterLynn does not contain any white sugar (using Stevia Extract), thus can prevent gestational diabetes. Meanwhile, it contains a wealth of Omega-3 that can provide DHA body needed, providing pregnant women complete nutrition to meet fetus nutrition demand. Coarse grains contain vitamin B1 which can regulate physiological metabolisms, appetite, gastrointestinal motility and digestive fluid secretion, thus can reduce constipation and relieve pregnancy symptoms.

MayterLynn is highly nutritious and easy to be absorbed by our body, can promote milk secretion, breast enlargement, calcium supplement, improve anemia, dizziness, blood enrichment and other beneficial effects. It also helps to replenish energy and physical recovery during confinement period, has excellent effect in fluent milk nursing and energy supplying. MayterLynn brings considerable health benefits to women in pregnancy and lactating period, is definitely the best choice of health care and nutrition companion!
