4 种高效专利

4 Advanced Patents

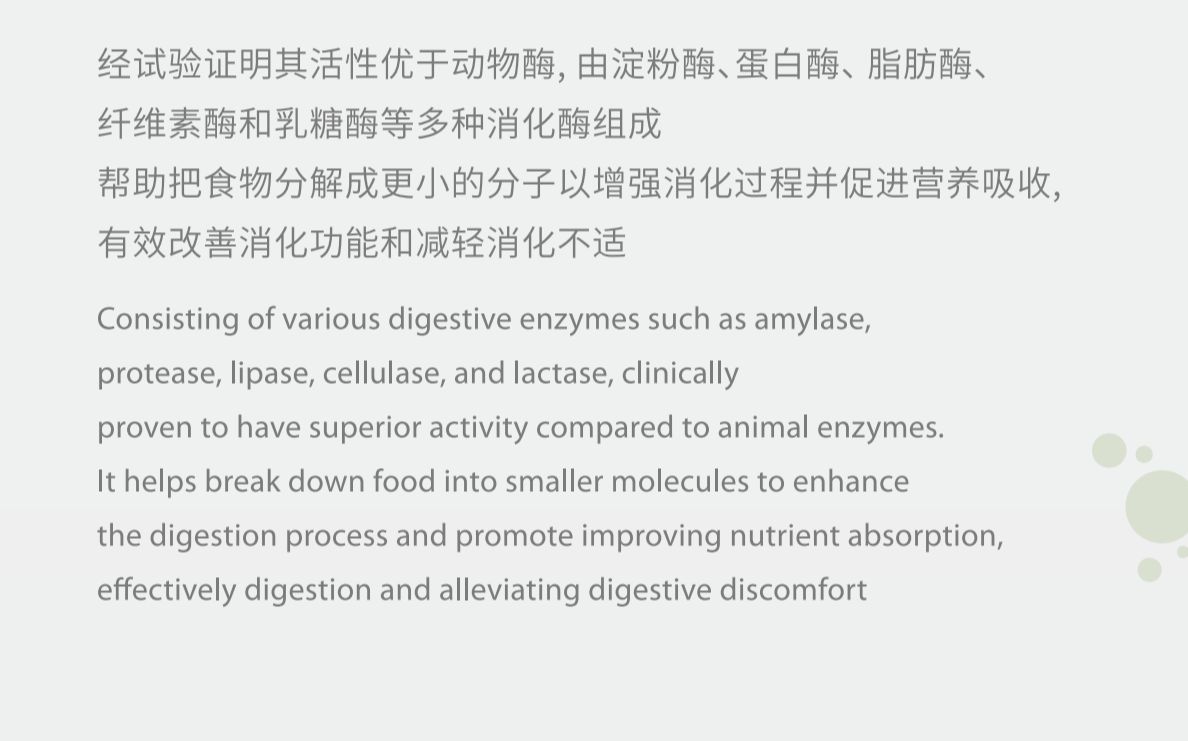

VITACEL 苹果纤维

源自德国的功能性膳食纤维，采用优质水果作为原料进行生产其总膳食纤维含量高达 99%，具备卓越的吸水能力可提供饱腹感

A functional dietary plant fiber produced using high-quality fruits, originated in Germany

It has a total dietary fiber content of up to 99%, providing excellent water absorption ability and promoting a feeling of fullness

NUTRIOSE® 可溶性纤维

采用非转基因玉米提取而成的高品质膳食纤维膳食纤维含量高达 85%，是补充纤维的优质选择

Made from high-quality dietary fiber extracted from non-genetically modified corn.

It has a high dietary fiber content of up to 85%, making it an excellent choice for fiber supplementation.

VITACEL 燕麦纤维

源自德国的功能性膳食纤维，以高品质燕麦为原料进行生产其总膳食纤维含量高达 99%，具备卓越的吸水能力可提供饱腹感

A functional dietary plant fiber produced using high-quality oats, originated in Germany.

It has a total dietary fiber content of up to 99%, providing excellent water absorption ability and promoting a feeling of fullness.

DigeZyme 消化酶

经试验证明其活性优于动物酶，由淀粉酶、蛋白酶、脂肪酶、纤维素酶和乳糖酶等多种消化酶组成帮助把食物分解成更小的分子以增强消化过程并促进营养吸收，有效改善消化功能和减轻消化不良

Consisting of various digestive enzymes such as amylase, protease, lipase, cellulase, and lactase, clinically proven to have superior activity compared to animal enzymes.

It helps break down food into smaller molecules to enhance the digestion process and promote improving nutrient absorption, effectively digestion and alleviating digestive discomfort
